

**Contents :**

**Volume 46, Number 1 : March 2016**

**Editorial**

- From the Desk of Chairman, Editorial Board : Mr. Alok Bhowmick vi
- From the Desk of Guest Editor : Mr. Mohan Jatkar viii

**Highlights of ING-IABSE Event**

- Highlights of the ING-IABSE Workshop on "Bridge Bearings, Expansion Joints & Seismic Devices" held at Bhopal on 15<sup>th</sup> & 16<sup>th</sup> January 2016 xi

**Special Topic : Enabling Works, Formworks & Scaffolding Systems**

1. Challenges in Management of Temporary Works 1  
*Mohan V. Jatkar*
2. ASCE/SEI 37-14 Design Loads on Structures during Construction Standard 6  
*Robert T. Ratay, John F. Duntemann*
3. Slipform System for Construction of Highrise Hollow Concrete Structures 11  
*Vijay M. Dharap, S. Abhilash Kumar*
4. The Right Climbing System for every Highrise Project 21  
*Thorsten Kirchweber*
5. Construction Design of Signature Bridge in Delhi 26  
*Mario DE Miranda*
6. Construction of 120m Span Arch Bridge using Cantilever Form Traveller 36  
*Alok Panday*
7. Temporary Works Paves Way to Permanent Profit 41  
*Raja Rajan. K.*
8. Enabling Works for India's First Double Decker Bridge "Santacruz Chembur Link Road" – A Case Study 50  
*Rakesh Kumar Mehta*
9. Launching Systems for Precast Segmental Bridges 62  
*Vinay Gupta*

**Research Papers**

1. Seismic Analysis of Well Foundation by Forced and Displacement Method 66  
*RNP Singh, Hemant Kumar Vinayak*
2. Steel Fibre Reinforced High Performance Concrete Exterior Beam Column Slab Joints under Reverse Cyclic Loading 74  
*Ganesan N., Indra P.V., Nidhi M.*
3. Seismic Behaviour of Concrete Barrel shell Structures under Static & Dynamic Loads 81  
*Raana Pathak, Rakesh Khare*
