

INTERNATIONAL JOURNAL OF COMPUTATIONAL INTELLIGENCE RESEARCH & APPLICATIONS

Vol. 9

No. 1

January-June 2015

Reengineering Through Clustering Technique	<i>Rajesh Verma & R. K. Chauhan</i>	1-13
Reverse Engineering Metrics for Changing Object Oriented System	<i>S. Duraisamy & E. Ramaraj</i>	15-34
Formal Models of Multilingual Software	<i>V. Prasanna Venkatesan & S. Kuppaswami</i>	35-46
Identification of Different types of Risks Involved in Web based Applications	<i>Vikram Singh & Adarsh</i>	47-51
Phylogenetic Tree Construction Using Simple SVD based Distance Metrics	<i>M. Hemalatha & K. Vivekanandan</i>	53-60
Effective Information Sharing for Reducing Bullwhip Effect: A Simulation Based Study	<i>Abid Haleem & Sanjay Kumar</i>	61-78
Multi-Party Authentication Protocol for Web Services	<i>L. Josephine Mary & S. P. Rajagopalan</i>	79-89
Students Attitude Towards Pair Programming in Short Duration Laboratory Exercises	<i>K. Vivekanandan & S. Kuppaswami</i>	91-98
