

CURRENT SCIENCE

Volume 114 Number 10

25 May 2018

329
A3

2004 In this issue

GUEST EDITORIAL

2005 **Managing India's AIDS crisis in the 2000s: quantitative modelling had impact**
Sayak Mukherjee and Gayatri Saberwal

CORRESPONDENCE

2007 **Mis-educating India**, Gangan Prathap ■ 2008 **Tricotyledony in *Pterocarpus santalinus* L.f. (red sanders; Faboidae), an endemic and endangered tree species of Kadapa hill ranges, southern Eastern Ghats, India**, C. Ankalaiah, T. Mastan, P. Osman Basha and M. Sridhar Reddy

NEWS

2010 **Science Last Fortnight** ■ 2014 **2018 King Faisal International Prize for Science and Medicine**, Sameen Ahmed Khan ■ 2015 **The science communication dialogue for a new India**, Parul R. Sheth

RESEARCH NEWS

2016 **Fine-tuning the ozone metric: unmasking errors in measuring wheat yield loss**
Sarah Iqbal

OPINION

2018 **Plant-derived metallic nanoparticles: environmental safety and colloidal behaviour**
Ratul Kumar Das and Satinder Kaur Brar

SCIENTIFIC CORRESPONDENCE

2020 **Solar powered movable cold storage structure for perishables**
P. K. Sharma and H. S. Arun Kumar

2022 **MangoDB: a database of mango varieties and landraces of the Indian subcontinent**
T. Radha, Priyanka James, S. Simi, Sangeetha P. Davis, P. A. Nazeem, M. R. Shylaja and Deepu Mathew

2025 **Mobile-based agro-advisory for tribals of Meghalaya, India**
Ram Singh and Sanchita Roy

GENERAL ARTICLES

2027 **Localization–affordability–saturation for speedy distribution of solar study lamps to millions**
Chetan Singh Solanki, N. C. Narayanan and Jayendran Venkateswaran

2034 **Environmental pollutants and aggressive climatic conditions: combination scaffolds of brain stroke**
Jeetendra Kumar Gupta, Kamal Shah and Pradeep Mishra

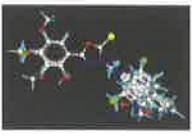

2039 **Identification and analysis of classic articles and sleeping beauties in neurosciences**
Andy Wai Kan Yeung and Yuh-Shan Ho

REVIEW ARTICLES

- 2045 **Diagnosis and epidemiology of amoebiasis in India**
Joyobrato Nath, Baby Singha, Jaishree Paul and Sankar Kumar Ghosh
- 2053 **Constructing structures on backfilled opencast mine spoil for better sustainability**
Sumit Kumar, Sekhar Chandra Dutta and Lohitkumar Nainegali

RESEARCH ARTICLES

- 
- 2063 **Quantitative structure–activity relationship and combinatorial design of 1,3,4-oxadiazole-based thymidine phosphorylase inhibitors as potential anti-cancer agents**
Shalini Bajaj, Piyush Ghode, Jagadish Singh, Partha Pratim Roy and Sanmati Kumar Jain
- 2072 **Comparison of stochastic gradient-based optimization techniques for nonlinear satellite image coregistration problem**
S. Manthira Moorthi and R. Sivakumar
- 2080 **Urban growth dynamics and modelling using remote sensing data and multivariate statistical techniques**
Manish Kumar, R. B. Singh, Ram Pravesh, Pankaj Kumar, Dinesh Kumar Tripathi and Netrananda Sahu
- 2092 **Exploring effective factors on energy data of some benzofuran derivatives**
Pouya Karimi, Somayeh Makarem and Hamid Ahmar
- 2099 **Identification of bioactive compound from *Citrus maxima* fruit against carbohydrate-hydrolysing enzymes**
S. K. Reshmi, H. K. Manonmani, J. R. Manjunatha and M. N. Shashirekha
- 2106 **Paddy cultivation during early Holocene: evidence from diatoms in Lahuradewa lake sediments, Ganga Plain**
B. Thakur, A. Saxena and I. B. Singh
- 2116 **Chitosan nanoparticles as a carrier for *Mentha longifolia* extract: synthesis, characterization and antifungal activity**
Abeer Ramadan Mohamed Abd El-Aziz, Monira Rashed Al-Othman, Mohamed Abobakr Mahmoud, Shereen Mohamed Shehata and Nahla Shazli Abdelazim
- 
- 2123 **Conservation prospects of the Kashmir Red Deer (*Cervus hanglu hanglu*) beyond Dachigam National Park, in Jammu and Kashmir, India**
Rahul Kaul, Mayukh Chatterjee, Tapajit Bhattacharya, Smita Bodhankar, Riyaz Ahmad, Mansoor Nabi Sofi and Samina Amin Charoo
- 2131 **Public accounting reporting, under an achievable metamorphosis?**
Cristina Silvia Nistor and Cristina Alexandrina Stefanescu

RESEARCH COMMUNICATIONS

- 
- 2138 **Al(He)_N³⁺ clusters: a theoretical study**
Sabnam S. Ullah, Chayanika Kashyap, Ankur Kanti Guha, Apurba Kr. Barman, Alok Ch. Kalita and Pankaz K. Sharma
- 2142 **'Prosopis for prosperity': using an invasive non-native shrub to benefit rural livelihoods in India**
Debbie Bartlett, Sarah Milliken and Dayesh Parmar
- 2146 **Effect of primary tillage implements on physical properties of harvested Spunta potato tubers**
Saad A. Al-Hamed, Mohamed F. Wahby, Abdulwahed M. Aboukarima, Khaled A. Ahmed and Mohamed S. El Marazky

2151 Tracking the disparities in Gujarat dairy development – an application of biplot analysis

Darshnaben P. Mahida, R. Sendhil, Smita Sirohi, B. S. Chandel, K. Ponnusamy and Gopal Sankhala

2155 Does *Pestalotiopsis royenae* cause leaf streak of large cardamom?

R. Gopi, H. Kalita, R. K. Avasthe, Ashish Yadav, M. Singh and D. Thapa

2161 Processes controlling enrichment of transition elements in the surficial sediments of the western Bay of Bengal

C. Prakash Babu and V. Ramaswamy

2167 Estimation of rock load in development workings of underground coal mines – a modified RMR approach

Avinash Paul, Vemavarapu Mallika Sita Ramachandra Murthy, Amar Prakash and Ajoy Kumar Singh

2175 Electrical conductance map for Saurashtra region, Gujarat, India

P. V. Vijaya Kumar, P. B. V. Subba Rao, A. K. Singh and C. K. Rao

2181 Response of fish communities to abiotic factors in Western Ramganga, Kumaun Lesser Himalaya, India

Shahnawaz Ali, N. N. Pandey, Prem Kumar, Ravindar Posti and A. K. Singh

2189 Can a common and abundant plant-visiting ant species serve as a model for nine sympatric ant-mimicking arthropod species?

Sudha Kumari and Neelkamal Rastogi

BOOK REVIEWS

2193 Medicinal Plants for Holistic Health and Well-Being, Namrita Lall (ed.); reviewed by S. N. Venugopalan Nair ■

2194 Annual Review of Biomedical Engineering, 2017, Martin L. Yarmush, James S. Duncan and Martha L. Gray (eds); reviewed by Rachit Agarwal ■

2196 Biodiversity for Sustainable Development, K. P. Laladhas, Preetha Nilayangod and Oommen V. Oommen (eds); reviewed by Rajani Srivastava

PERSONAL NEWS

2198 Dhrubjyoti Ghosh (1947–2018)

Shalini Dhyani

2199 Rengaswamy Ramesh (1956–2018)

Jyotiranjana S. Ray

HISTORICAL NOTES

2201 Wool-pile carpets in colonial Madras and the lost Saidapet woolly-sheep breed in Madras of the 1870s

Anantanarayanan Raman

◀ **COVER.** Molecular docking of combinatorial library generated 1,3,4-oxadiazole derivative to the thymidine phosphorylase enzyme. See page 2063.
