|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Molecular orbital studies, frequency and solvent dependent NLO properties of (2E)-1-(4-bromophenyl)-3-(4-nitrophenyl) prop-2-en-1-one<br>K Anitha, V Balachandran & B Narayana                             | 91  |
| Vibrational spectroscopic investigations, DFT computations, nonlinear optical and other molecular properties of 3-bromo-5-fluorobenzonitrile<br>S Jeyavijayan, E Gobinath, K Viswanathan & J Senthil Kumar | 108 |
| Vibrational analysis, <i>ab initio</i> HF and DFT studies of 2,4,6-trimethyl phenol<br>S Prabhakaran & M Jamal Mohamed Jaffar                                                                              | 119 |
| Structural analysis and theoretical investigations in Pb additive Se-Te-Ge chalcogenide nano-composites<br>Neha Sharma, Balbir Singh Patial & Nagesh Thakur                                                | 128 |
| Investigations into the influence of temperature on the optical properties of NiO thin films<br>A N C Agbogu, M P Orji & A B C Ekwealor                                                                    | 136 |
| Electrical characterization of MIS diode prepared by magnetron sputtering<br>H Tanrikulu, A Tataroğlu, E E Tanrikulu & A Büyükbaş Uluşan                                                                   | 142 |
| A polarization insensitive ultrathin compact triple band metamaterial absorber<br>D Sood & C C Tripathi                                                                                                    | 149 |
| Elastic wave confinement and absorption in a dissipative metamaterial<br>Yinggang Li, Ling Zhu, Tianning Chen & Qiangbo Ye                                                                                 | 158 |
| Aluminium metal matrix composites: A retrospective investigation<br>Girija Moona, R S Walia, Vikas Rastogi & Rina Sharma                                                                                   | 164 |
