

# JOURNAL OF FLOOD ENGINEERING

Volume 9 + Number 2 + July-December 2018

## CONTENTS

<b>Evaluation of Remotely Sensed Rainfall Algorithms for Strong Hurricanes .....</b>	<b>83-100</b>
<i>E. Mahani S., Nasim Nourozi N., J. Kuligowski R., Khanbilvardi R., Hsu K. &amp; Nazari R.</i>	
<b>Uncertainty Assessment of Downscaled Rainfall: Impact of Climate Change .....</b>	<b>101-110</b>
<b>on the Probability of Flood</b> <i>Masoumeh Fakhri, Mohamad Reza Farzaneh, Saeid Eslamian &amp; Mohammad Javad Khordadi</i>	
<b>Dynamic Curve Numbers: Concept and Application .....</b>	<b>111-120</b>
<i>Edna Z. Ezzell &amp; Richard H. McCuen</i>	
<b>Assessment of Sea Surface Temperature (SST) and Normalized Difference .....</b>	<b>121-129</b>
<b>Sea Ice Index (NDSI) Derived from MSG SEVIRI Satellite for Sea Ice Applications</b> <i>Rouzbeh Nazari, Vanessa Clark, Reza Khanbilvardi &amp; Faezeh Eslamian</i>	
<b>River Rehabilitation for Flood Protection: A Sustainable Solution .....</b>	<b>131-143</b>
<b>(Vomano River's Mouth Case Study, Central Italy)</b> <i>Maurizio Leopardi &amp; Anna Rita Scorzini</i>	
<b>Dam Failure Assessment for Sustainable Flood Retention Basins in Scotland .....</b>	<b>145-163</b>
<i>Miklas Scholz, Qinli Yang &amp; Junming Shao</i>	
<b>Probability Distribution Choices for Minimum, Mean and Maximum .....</b>	<b>165-174</b>
<b>Discharges, by L-Moments in Mazandaran Province, Iran</b> <i>Abbas Gholami, Mohammad Mahdavi &amp; Saeid Eslamian</i>	
<b>The Effects of Development Activities on the Occurrence of Floods in the .....</b>	<b>175-195</b>
<b>Mbabanmecity: Swaziland</b> <i>J. I. Matondo, A. Salam, C. Ndzabandzaba &amp; J. Nobert</i>
