

International Journal of **WIRELESS SENSOR NETWORKS AND APPLICATIONS**

Volume 8 • Number 2 • July-December 2018

Contents

1. Analyzing Various Perspectives on Risk Management, Testing in..... 73-92
SDLC and Risk Oriented Testing Over Years
Vinita Malik and Sukhdip Singh
2. Comparative Analysis of Security Algorithms for Cloud-Based 93-101
Systems and Transactions
Savitha S and Thangam P
3. Hysteresis Control for Enhancement in Dynamic Response of 103-115
Cyclo-Inverter Based Induction Heating System
S. Jaanaa Rubavathy and P. Murugesan
4. Investigation of the Structural Borne Noise Due to Suspension 117-123
System in a Vehicle Cabin
*Dhirajkumar D. Saindane, Charudatta S. Pathak,
Swapnil S. Kulkarni and A. Satheesh*
5. Fuzzy Logic Controlled PV Fed Buck-Boost Converter with..... 125-135
Coupled Inductor
Vanitha.D and M. Rathina Kumar
6. Reversible Data-Hiding Algorithm in Encryption for Security..... 137-143
Application in Cloud Computing
Sheik Saidhbi and Komati Thirupathi Rao
