

International Journal of ELECTRONICS AND COMMUNICATION ENGINEERING

Volume 4 • Number 1 • January-June 2015

Contents

- An Experimental Study on the Life Time of Commercially Available White pcLED for Indian Standards 1-4
Ramendra Singh, Arnab Chakraborty, and S.N. Shukla
- Study of Forward Error Correction using Reed—Solomon Codes 5-7
Mandeep Kaur and Vikas Sharma
- Efficient Signal Encryption using Chaos-based System 9-12
V. Sengodan and A. Balamurugan
- A Novel Approach for VHDL Implementation of Universal Line Encoder for Communication 13-14
Prabhat Kumar Mishra and Sahaj Saxena
- Compound—Fuzzy Inference System for Temperature Controller 15-18
Amit Salunkhe
- Estimation of Radiation Characteristics of an Annular Microstrip Antenna in Weakly Ionized Dusty Plasma Medium 19-21
Vinay Pandey, Rabindra Kumar, Sunil Kumar Jha
- A Way to Implement BGP with Geographic Information 23-27
Neha Mangla and R.K. Khola
- Interpretation and Estimating the Parameters of Transition Probabilities in Speech Recognition System 29-32
Rakesh Kumar, H. Parthasarthy, and R.K. Khola
- Designing a Framework for Meta Search Engine: An Effective Way of Information Retrieval 33-37
Yashwant Singh Sangwan
- Spread Spectrum Image Steganography in Multimedia Messaging Service of Mobile Phones 39-43
Ritesh Pratap Singh, Mohd. Aftab Alam Khan, Mehwash Khan, and Neha Singh
- Performance Comparison of Low Output Forward RCD and Double Forward Systems 45-49
L.Padma Suresh and Dr.R.S.Rajesh
- Self Controlled Power Supply Design with Wide Range Input Variation using Genetic Neural Approach 51-58
Dheeraj Joshi, Manoj Kumar Pandey and R.C. Bansal

A Comparative Study of Modulation Scheme for Three-Phase Voltage Source Inverter	59-65
<i>Ambarisha Mishra, Dheeraj Joshi and R.C. Bansal</i>	
Analysis of Natural and Forced Mixed Convection along a Adiabatic Vertical Porous Flat Plate	67-69
<i>Prabhu S M and SoundarajanKrishnan</i>	
Incorporating DC Link in AC Optimal Power Flow and its Impact on Electricity Nodal Prices	71-82
<i>S. B. Warkad, M. K. Khedkarb and G. M. Dholec</i>	
Optimal Reactive Power Dispatch for Loss Minimization in Power System Using ACO, EP and AIS	83-91
<i>Ismail Musirin MIEEE and Mohd Rozely Kalil</i>	
Removal of Phosphorus from Metallurgical Grade Silicon by Acid Leaching	93-97
<i>C.M. Yang and H.Y. Chen</i>
