

# JOURNAL OF FLOOD ENGINEERING

VOLUME 6

NUMBER 1

JANUARY-JUNE 2015

## CONTENT

Community Capacity and Needs Assessment on Flood Early Warning: A Case Study in Bangladesh	<i>S. H. M. Fakhruddin</i> ..... 1-16
Gis Mapping Algorithms for Floodway Modeling	<i>Sivasankkar Selvanathan and</i> ..... 17-36 <i>Randel L. Dymond</i>
Few Morphometric Characteristics and their Impact on Floods Using Remote Sensing and GIS Technique in the Gabharu River Basin, Assam, India	<i>Niranjan Bhattacharjee and</i> ..... 37-51 <i>Ratneswar Barman</i>
Rainfall Runoff Modelling for Flood Forecasting (A Case Study on West Rapti Watershed)	<i>Rocky Talchabhadel</i> ..... 53-61 <i>Narendra Man Shakya</i> <i>Vaskar Dahal and</i> <i>Saeid Eslamian</i>
The Optimum Design of Flood Control System Using Multivariate Decision Making Methods (Case Study: Kan River Catchment Basin, Iran)	<i>Neda Yousefi</i> ..... 63-82 <i>Azam Safaee &amp;</i> <i>Saeid Eslamian</i>
