

JOURNAL OF FLOOD ENGINEERING

VOLUME 9

NUMBER 1

JANUARY-JUNE 2018

CONTENT

- Community Capacity and Needs Assessment on Flood
Early Warning: A Case Study in Bangladesh 1-16
S. H. M. Fakhruddin
- GIS Mapping Algorithms for Floodway Modeling 17-36
*Sivasankkar Selvanathan and
Randel L. Dymond*
- Few Morphometric Characteristics and their Impact on
Floods Using Remote Sensing and GIS Technique in
the Gabharu River Basin, Assam, India 37-51
*Niranjan Bhattacharjee and
Ratneswar Barman*
- Rainfall Runoff Modelling for Flood Forecasting
(A Case Study on West Rapti Watershed) 53-61
*Rocky Talchabhadel
Narendra Man Shakya
Vaskar Dahal and
Saeid Eslamian*
- The Optimum Design of Flood Control System Using
Multivariate Decision Making Methods (Case Study:
Kan River Catchment Basin, Iran) 63-82
*Neda Yousefi
Azam Safaee &
Saeid Eslamian*
