ACI MATERIALS JOURNAL

JANUARY-FEBRUARY 2015, V. 112, No. 1

A JOURNAL OF THE AMERICAN CONCRETE INSTITUTE
AN INTERNATIONAL TECHNICAL SOCIETY

- 20
277
- 3 **Differential Effective Medium Theory for Chloride Diffusivity of Concrete**, by Jian-jun Zheng, Xin-zhu Zhou, Hong-yan Xing, and Xian-yu Jin
- 11 **Fracture Behavior of Site-Casting Dam Concrete**, by Qingbin Li, Junfeng Guan, Zhimin Wu, Wei Dong, and Shaowu Zhou
- 21 **Experimental Investigation of Blast-Pressure Attenuation by Cellular Concrete**, by Weimin Nian, Kolluru V. L. Subramaniam, and Yiannis Andreopoulos
- 29 **Concrete Made with Recycled Glass Aggregates: Mechanical Performance**, by Diogo Serpa, Jorge de Brito, and Jorge Pontes
- 39 **Interfacial Bond between Reinforcing Fibers and Calcium Sulfoaluminate Cements: Fiber Pullout Characteristics**, by Robert B. Jewell, Kamyar C. Mahboub, Thomas L. Robl, and Arne C. Bathke
- 49 **Effects of Curing Conditions on Properties of Ternary (Ordinary Portland Cement/Fly Ash/Silica Fume) Concrete**, by Mateusz Radlinski and Jan Olek
- 59 **Influence of Mineral Admixtures on Early-Age Behavior of Calcium Sulfoaluminate Cement**, by Piyush Chaunsali and Paramita Mondal
- 69 **Using Drinking Water Treatment Waste as Low-Cost Internal Curing Agent for Concrete**, by Qiwei Cao Nowasell and John T. Kevern
- 79 **Impact of Wet and Sealed Curing on Curling in Cement Paste Beams from Drying Shrinkage**, by Amir Hajibabae and M. Tyler Ley
- 85 **First-Principles Study on Structural Stability of Belite**, by Ryoji Sakurada, Yoshiyuki Kawazoe, and Abhishek Kumar Singh
- 95 **Behavior of Steel Fiber-Reinforced Cementitious Mortar and High-Performance Concrete in Triaxial Loading**, by Afshin Noori, Mohammad Shekarchi, Masoud Moradian, and Mahdi Moosavi
- 105 **Circulating Fluidized Bed Combustion Fly Ash-Activated Slag Concrete as Novel Construction Material**, by Nguyen Tien Dung, Ta-Peng Chang, and Chun-Tao Chen
- 115 **Holographical Microwave Imaging of Corroded Steel Bars in Concrete**, by Mohammad T. Ghasr, Yann Le Pape, David B. Scott, and Reza Zoughi
- 125 **Statistical Comparisons of Creep and Shrinkage Prediction Models Using RILEM and NU-ITI Databases**, by Akthem Al-Manaseer and Armando Prado

Contents cont. on next page

Discussion is welcomed for all materials published in this issue and will appear ten months from this journal's date if the discussion is received within four months of the paper's print publication. Discussion of material received after specified dates will be considered individually for publication or private response. ACI Standards published in ACI Journals for public comment have discussion due dates printed with the Standard.

Annual index published online at <http://concrete.org/Publications/ACIMaterialsJournal>.

CONTENTS

- 137 **Viscoelastic Behavior of Silica Fume in Absence of Binder**, by Shuang Lu and D. D. L. Chung
- 147 **Monitoring Compressive Strength of Concrete by Nuclear Magnetic Resonance, Ultrasound, and Rebound Hammer**, by P. F. de J. Cano-Barrita, F. Castellanos, S. Ramírez-Arellanes, M. F. Cosmes-López, L. R. Reyes-Estevez, S. E. Hernández-Arazola, and A. E. Ramírez-Ortíz
- 155 **Ternary Concrete with Fractionated Reclaimed Asphalt Pavement**, by Alexander S. Brand and Jeffery R. Roesler
- 165 **Cement-Based, Materials-Enhanced Durability from *Opuntia Ficus Indica* Mucilage Additions**, by W. Martinez-Molina, A. A. Torres-Acosta, G. E. I. Martínez-Peña, E. Alonso Guzmán, and I. N. Mendoza-Pérez
- 173 **Discussions**
- Practical Approach for Assessing Lightweight Aggregate Potential for Concrete Performance.** Paper by Daniel Moreno, Patricia Martinez, and Mauricio Lopez
- Effect of Misalignment on Pulloff Test Results: Numerical and Experimental Assessments.** Paper by L. Courard, B. Bissonnette, A. Garbacz, A. Vaysburd, K. von Fay, G. Moczulski, and M. Morency

MEETINGS

FEBRUARY

1-6—**2015 Mason Contractors Association of America Convention**, Las Vegas, NV, www.masoncontractors.org/convention/index.php

2-3—**The International Concrete Polishing and Staining Conference**, Las Vegas, NV, www.icpsc365.com/icpsc2015

2-6—**World of Concrete**, Las Vegas, NV, www.worldofconcrete.com

14-17—**Interlocking Concrete Pavement Institute 2015 Annual Meeting**, San Antonio, TX, www.icpi.org/2015annualmeeting

15-18—**Geosynthetics 2015**, Portland, OR, <http://geosyntheticsconference.com>

18-19—**2015 ICON-Xchange**, San Antonio, TX, <http://iconxchange.org>

20-22—**National Concrete Masonry Association Annual Convention**, San Antonio, TX, <http://ncma.org/events>

THE CONCRETE CONVENTION AND EXPOSITION: FUTURE DATES

- 2015—April 12-15, Marriott & Kansas City Convention Center, Kansas City, MO
2015—November 8-12, Sheraton, Denver, CO
2016—April 17-21, Hyatt & Wisconsin Center, Milwaukee, WI
2016—October 23-27, Marriott Philadelphia, Philadelphia, PA

ON COVER: 112-M10, p. 87, Fig. 2—Beta-form belite crystal.

Permission is granted by the American Concrete Institute for libraries and other users registered with the Copyright Clearance Center (CCC) to photocopy any article contained herein for a fee of \$3.00 per copy of the article. Payments should be sent directly to the Copyright Clearance Center, 21 Congress Street, Salem, MA 01970. ISSN 0889-3241/98 \$3.00. Copying done for other than personal or internal reference use without the express written permission of the American Concrete Institute is prohibited. Requests for special permission or bulk copying should be addressed to the Managing Editor, *ACI Materials Journal*, American Concrete Institute.

The Institute is not responsible for statements or opinions expressed in its publications. Institute publications are not able to, nor intend to, supplant individual training, responsibility, or judgment of the user, or the supplier, of the information presented.

Papers appearing in the *ACI Materials Journal* are reviewed according to the Institute's Publication Policy by individuals expert in the subject area of the papers.

Contributions to *ACI Materials Journal*

The *ACI Materials Journal* is an open forum on concrete technology and papers related to this field are always welcome. All material submitted for possible publication must meet the requirements of the "American Concrete Institute Publication Policy" and "Author Guidelines and Submission Procedures." Prospective authors should request a copy of the Policy and Guidelines from ACI or visit ACI's website at www.concrete.org prior to submitting contributions.

Papers reporting research must include a statement indicating the significance of the research.

The Institute reserves the right to return, without review, contributions not meeting the requirements of the Publication Policy.

All materials conforming to the Policy requirements will be reviewed for editorial quality and technical content, and every effort will be made to put all acceptable papers into the information channel. However, potentially good papers may be returned to authors when it is not possible to publish them in a reasonable time.

Discussion

All technical material appearing in the *ACI Materials Journal* may be discussed. If the deadline indicated on the contents page is observed, discussion can appear in the designated issue. Discussion should be complete and ready for publication, including finished, reproducible illustrations. Discussion must be confined to the scope of the paper and meet the ACI Publication Policy.

Follow the style of the current issue. Be brief—1800 words of double spaced, typewritten copy, including illustrations and tables, is maximum. Count illustrations and tables as 300 words each and submit them on individual sheets. As an approximation, 1 page of text is about 300 words. Submit one original typescript on 8-1/2 x 11 plain white paper, use 1 in. margins, and include two good quality copies of the entire discussion. References should be complete. Do not repeat references cited in original paper; cite them by original number. Closures responding to a single discussion should not exceed 1800-word equivalents in length, and to multiple discussions, approximately one half of the combined lengths of all discussions. Closures are published together with the discussions.

Discuss the paper, not some new or outside work on the same subject. Use references wherever possible instead of repeating available information.

Discussion offered for publication should offer some benefit to the general reader. Discussion which does not meet this requirement will be returned or referred to the author for private reply.
