

International Journal of Mobile Communication and Networking

Volume 6, Number 1 (2015)

Contents

- An Improved Method for the Thermal Testing of 8/6 Switched Reluctance Machine** 1-10
E. Annie Elisabeth Jebaseeli and S. Paramasivam
- An Overview Of Non Traditional Drilling Process** 11-19
*V.K. BUPESH RAJA¹, *R. RAJASEKARAN², ABEL J FRANCIS³*
- A Novel Single Phase Five Level Inverter Topology for Renewable Energy Source** 21-32
Y. SUKHI, S. ANITA, Y. JEYASHREE
- A Hybrid Power-Efficient FIR Filter Architecture Using DPL Model** 33-49
M. Madheswaran^a and D. Malathi^b
- Modelling Inverter-Machine Drive output using Discrete Event System Approach** 51-65
Jayarama Pradeep and R. Devanathan
- An Efficient CRC Based Network on Chip (NoC) Architecture for Improved Quality of Service (QoS)** 67-84
Chellappa Glory Joy Merline¹, Dr. C. Tharini², Govindharajan Uma Gowri¹
- An Approach to Implementation of Intelligent Tracking System for Railway Sectors using Mobile Agents** 85-98
R. Immanuel Rajkumar^{1}, Dr. P. E. Sankaranarayanan² and Dr. G. Sundari³*
