

International Journal of POWER ENGINEERING

VOLUME 7

NUMBER 2

DECEMBER 2015

Contents

- Simulation and Protection Schemes for Dynamic Voltage Restorer System 93-105
Sivanandam. D. Srinivasan and S. Sankar
- Electric Power Demand Forecasting: A Case Study of Varanasi City 107-114
A. K. Bhardwaj and R.C. Bansal
- Experimental Study on a Low Cost Solar Agricultural Dryer for Rural Development 115-123
Hyacinth J. Kennady, Prasanth, N. & Riju Mathew
- Power Quality Improvement Using Photovoltaic Unified Compensation Techniques 125-138
Narayanappa and K. Thanushkodi
- A New Approach for Power Factor Correction and Load Balancing in Power Distribution Systems using Active Power Filter 139-153
Y. Kusuma Latha, Ch. Saibabu & Y. P. Obulesu
- Peak-to-Average Power Control in OFDM using Linear Block Codes 155-161
Manisha Rajoriya and Ritu Singh
- Modeling and Analysis of a Stand-Alone Hybrid Generation System 163-180
P. Pugazhendiran, S. Meenakshi & K. Rajambal
- Design, Development and Deployment of Distributed Solar Dryer for Drying Fruits and Vegetables in Rural Sectors 181-185
R. Mary Mathelane and R. V. Jeba Rajasekhar
