

CONTENTS

1.	Effect of TCSC on power system stability <i>Vipin Jain and Narendra Kumar</i>	641
2.	Simulation and experimental validation of electrostatic field distribution under existing 765 kV transmission line <i>Dundru Sridhar, Kanyakumari M, Jithin Pauly P, Karunakara K and Vasudev N</i>	651
3.	High Voltage Direct Current (HVDC) extruded cable - An overview <i>Nageshwar Rao B</i>	657
4.	Studies on aircell in a conservator tank <i>Madhu Palati</i>	675
5.	Fault analysis of power transformers from north eastern region by dissolved gas analysis <i>Manas Chakraborty</i>	681
6.	On choice of velocity for acoustic-emission linear-source-localization in metallic medium <i>Deepthi Antony, Prasannajit Sahoo and Gururaj S Punekar</i>	689
7.	Evaluation of high voltage rotating machine stator insulation system using diagnostic tests <i>Ramesh P Nair and Sumangala B V</i>	697
8.	Rotor initial position detection schemes in synchronous machines <i>Sreeram V, Gopal D H and Arun Babu M</i>	703
9.	Effect of climatic conditions on the performance of solar PV inverters <i>Vani Vijay, Sudhir Kumar R and Pradeep K</i>	709
10.	A review on multilevel inverter: topologies, control strategies and application <i>Vinoth kumar N, Kumar Chinnaiyan V, Pradish M and Divekar M S</i>	715
11.	A comparative analysis of multi-carrier PWM schemes for grid integrated 15-level smart inverter topology via several intelligent controllers <i>Hemachandu P, Veera Reddy V C and Chandra Sekhar B</i>	725
12.	Design of LCL filter for micro inverter <i>Elanchezhian P, Kumar Chinnaiyan V and Sudhir Kumar R</i>	735
13.	Run-of-the-river micro hydroelectric power generation from artificially induced vortices <i>Aravind Venukumar, Nandakumar M, Venkateswara Rao M and Shekhar Kumar M</i>	741
14.	Relation of critically refracted longitudinal wave (L_{CR}) velocity with graphite nodularity and matrix in ductile iron <i>Malur N Srinivasan, Robert J Bennett and Don E Bray</i>	751
15.	Assessment of water wall tubes of a fossil fuel fired thermal power plant <i>Arvind Kumar, Malabika Roy, Janardhana M and Shekhar Kumar M</i>	757

16.	Effect of moisture in coal on station heat rate and fuel cost for Indian thermal power plants	<i>Siddhartha Bhatt M and Rajkumar N</i>	773
17.	Analytical uses of polyaniline in power application:a review on recent development	<i>Moumita Naskar</i>	787
18.	An approach to thermal analysis of current transformers of rating 170 kV and above	<i>Viswanatha C and Rakesh K G</i>	795
