1. **Intelligent User Interface in a Smart Home Using Internet-of-things** 1-4
S. Ravichandran
2. **Tablet Campus-A Virtual Learning Platform** 5-7
S. Ravichandran
3. **Distance Estimation in Vehicle Using IOT** 9-11
S. Ravichandran
4. **Intelligent Dustbin to Detect and Identify Materials** 13-16
S. Ravichandran
5. **Intelligent Parking System** 17-21
S. Ravichandran
6. **Intelligent Washing Machine to Detect User Material in Pockets** 23-26
S. Ravichandran
7. **Internet of Things in Drainage Management System** 27-31
S. Ravichandran
8. **Liquid Level Monitoring System Using IOT** 33-36
S. Ravichandran
9. **A Novel Control Strategy For Modified SL-QZSI With Three Phase AC Grid Connected System** 37-48
Babu P. and V. Prasanna Moorthy
10. **A Multiresolution Analysis Based Detection of Abnormalities for Retinal Pathologies** 49-56
B. Balasuganya and D. Sheela
11. **Nodes Variation Analysis In Hidden Layer For Agarwood Oil Grade Prediction Using Multi-Layer Feed-Forward Neural Network** 57-63
