

CURRENT SCIENCE

Volume 121 Number 6

25 September 2021

738 **In this issue**

EDITORIAL

- 739 **Researching the pandemic and research during the pandemic**
L. S. Shashidhara

NEWS

- 741 **Current Science Reports**

SCIENTIFIC CORRESPONDENCE

- 745 ***Strobilanthes auriculata* Nees: a lesser known plietesial flora from Manipur, North East India**
Rajkumari Jashmi Devi, Deepashree Khurajam and Biseshwori Thongam

GENERAL ARTICLES

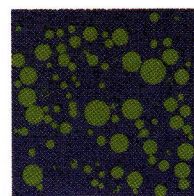

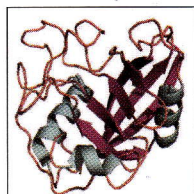

- 747 **AYUSH Research Portal: matching traditional Indian knowledge with modern needs**
Rakesh Sarwal and T. Saketh Ram
- 752 **Anticipating the impact of the COVID-19 lockdowns on the Indian fisheries sector for technological and policy reforms**
Mukesh P. Bhendarkar, B. B. Gaikawad, K. K. Ramteke, H. D. Joshi, N. A. Ingole, M. P. Brahmane and Nishikant Gupta

REVIEW ARTICLE

- 758 **Role of peptidyl-prolyl *cis-trans* isomerases in infectious diseases and host-pathogen interactions**
Gargi Biswas and Rahul Banerjee

RESEARCH ARTICLES

- 769 **Dependence of Martian Schumann resonance on the shape of dust devil and its implications**
J. P. Pabari and Trinesh Sana
- 775 **Fibroin-coated poly(ethylenimine)-docusate nanoparticles as a novel drug delivery system**
Duy Toan Pham and Waree Tiyaboonchai
- 781 **Drought intensity and frequency analysis using SPI for Tamil Nadu, India**
S. Kokilavani, S. P. Ramanathan, Ga. Dheebakaran, N. K. Sathyamoorthy, N. Maragatham and R. Gowtham
- 789 **Inter-correlation of hydrothermal mineral alteration zone in the vicinity of lineaments**
Mahesh Kumar Tripathi and H. Govil
- 801 **Study of variation of pore properties in gravel soil under triaxial loading based on discrete element method**
Jun Yu, Chang Jiang Wu, Chaojun Jia and Weiya Xu

- 810 **Study of river sensitivity for sustainable management of sand quarrying activities in Damodar river, West Bengal, India**
Prasanta Kumar Ghosh and Narayan Chandra Jana

- 823 **Value assessment of existing architectural heritage for future generation using criteria importance through inter-criteria correlation and grey relational analysis method: a case of Odisha temple architecture in India**
Partha Sarathi Mishra and Soumi Muhuri

RESEARCH COMMUNICATIONS

- 834 **Prospect of biomass briquette as renewable energy source in Assam, India**
Bijoylaxmi Bhuyan

- 837 **Non-timber forest products as a means of livelihood in Mon district, Nagaland, India**

P. Andrew Konyak, Khikeya Semy and Neizo Puro

- 840 **An empirical method for estimation of groundwater unit draft of energized agricultural tube wells**
Indranil Roy

BOOK REVIEWS

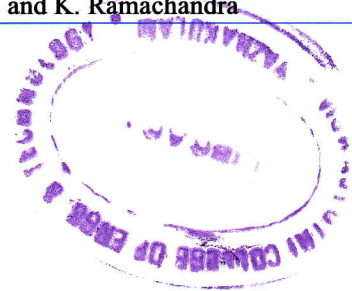

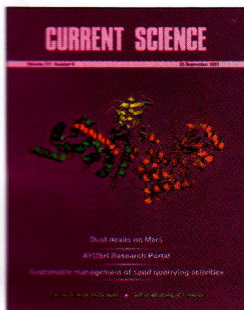

- 846 **Annual Review of Entomology, 2021.** Angela E. Douglas, John Trumble and Myron P. Zalucki (eds); *reviewed by* S. Ignacimuthu

- 847 **C.V. Raman and the Press: Science Reporting and Image Building – Part II. The Indian Institute of Science Period.** Rajinder Singh; *reviewed by* Hardev Singh Virk

PERSONAL NEWS

- 850 **Govindachari Rajagopalan (1938–2020),** Ashok D. B. Vaidya

- 852 **R. Krishnan (1935–2021),** K. Bhanu Sankara Rao and K. Ramachandra

- ◀ COVER. Crystal structure of FKBP12, FK506 and Calcineurin complex (adapted from PDB ID:6TZ8: *Cryptococcus neoforms*); Calcineurin A has been shown in orange, the Calcineurin B in green and FKBP12 in yellow, FK506 has been shown in sticks (blue). See page 758.
