

Journal of The Institution of Engineers (India): Series A

Volume 102 · Issue 2 · June 2021

ORIGINAL CONTRIBUTIONS

A Normative Framework for Assessment and Retrofit of Existing Unreinforced Masonry Buildings in India

S. Krishnachandran · A. Menon 369

A Study on Factors Affecting the Manual Material Handling Capacity of Indian Male Construction Workers

P.V. Ramani · S. Bhapkar 389

Artificial Neural Network-Based Prediction of Wind Pressure Coefficients on Buildings

K. Shruti · S.R. Govindray · S.G. Rajasekharan · P.N. Rao 403

Assessment of Causes of Pothole Development on Chandigarh Roads

A. Kanoungo · U. Sharma · A. Goyal · S. Kanoungo · S. Singh 411

Correlation Between Ultrasonic Pulse Velocity (UPV) and Compressive Strength of Coal Bottom Ash Mortar

A. Srivastava · S.K. Singh · C.S. Sharma 421

Development of Multi-Objective Scheduling Model for Construction Projects Using Opposition-Based NSGA III

K. Sharma · M.K. Trivedi 435

Effects of Irregularity on a Butterfly Plan-Shaped Tall Building under Wind Load

S. Bhattacharjee · S. Banerjee · S.G. Majumdar · A. Dey · P. Sanyal 451

Effect of Process Parameters on Extraction of Pectin from Sweet Lime Peels

A. Siddiqui · K. Chand · N.C. Shahi 469

Experimental and Analytical Investigation of Castellated Steel Beams with Varying Openings Eccentricity

S.G. Morkhade · T. Shirke · A. Mansuke · M.U. Chavan · L.M. Gupta 479

Impact of Pilot Scale Roasting Treatment on Physical and Functional Properties of Soybean (*Glycine max L.*)

R.K. Raigar · H.N. Mishra 489

Modal Identification of Practical Engineering Structures using Second-Order Blind Identification

K. Lakshmi · V.K. Reddy · A.R.M. Rao 499

Performance of Fly Ash blended Crushed Sand Concrete

V. Venkatasamy · S. Gopala Krishnan · B.P.C. Rao 513

Pretreated Indian Gooseberry (*Emblica officinalis*) Segments: Kinetic, Quality and Microstructural Parameters

R. Tewari · V. Kumar · H.K. Sharma 523

Resistance to Grinding and Cement Paste Performance of Blends of Clinker, Limestone and Gypsum

S. Henao-Duque · D.A. Acosta · J.A. Tobón · S. Builes 535

Room Corner Fire Growth Studies of Plywood Lining Material Under Fully Ventilated Condition

A. Aravind Kumar · R. Kumar · A.A. Ansari 545

Seismic Fragility Analysis for Torsionally Imbalanced Shear Wall Concrete Building

P.V. Shamrao 553

Static Stability Analysis and Design Aids of Curved Panels Subjected to Linearly Varying In-Plane Loading

G. Patel · A.N. Nayak 565

Study to Assess the Behaviour of Cement Grouted Bituminous Mix Prepared Using Pozzolanic Grouting Material

L. Gupta · R. Kumar 591

Sulphide Removal from Water Through Electrocoagulation: Kinetics, Equilibrium and Thermodynamic Analysis

R. Shankar · S. Sharan · A.K. Varma · P. Mondal · S. Chand · L.S. Thakur · P.P. Pande · V.K. Yadav 603
