

# International Journal of MANUFACTURING TECHNOLOGY AND INDUSTRIAL ENGINEERING

Volume 14 • Number 2 • July-December 2023

## Contents

- Sparse DOD/DOA Estimation in a Bistatic MIMO Radar With Mutual Coupling Effect .....85-107  
• *Peng Chen, Zhenxin Cao, Zhimin Chen and Chunhua Yu*
- Measuring Thermally-Driven LED Emissions via Voltage Modulation near Zero Bias .....109-119  
• *Peter M. Orem, Kyle T. Vogt, Matt W. Graham and Frank M. Orem*
- A Synthetic Aperture Radar (SAR)-Based Technique for Microwave Imaging and Material Characterization .....121-135  
• *Yuri Álvarez López, María García Fernández, Raphael Grau and Fernando Las-Heras*
- FacePET: Enhancing Bystanders' Facial Privacy with Smart Wearables/Internet of Things .....137-153  
• *Alfredo J. Perez, Sherali Zeadally, Luis Y. Matos Garcia, Jaouad A. Mouloud and Scott Griffith*
- Artificial Neural Networks to Assess Emotional States from Brain-Computer Interface .....155-165  
• *Roberto Sánchez-Reolid, Arturo S. García, Miguel A. Vicente-Querol, Luz Fernández-Aguilar, María T. López, Antonio Fernández-Caballero and Pascual González*
