

CURRENT SCIENCE

Volume 126 Number 1

10 January 2024

6 In this issue

EDITORIAL

- 7 UNFCCC Meeting of Conference of the Parties, COP-28
S. K. Satheesh

NEWS

- 9 Current Science Reports
- 12 NUCLEO^{FAST} viral DNA isolation kit
Rajib Deb, Gyanendra Singh Sengar, Seema Rani Pegu, Swaraj Rajkhowa and Vivek Kumar Gupta

OPINION

- 13 Teaching of 'evolution' as a dogma versus science
K. P. Mohanan, Bhushan Patwardhan, Tara Mohanan and Vigneshwar Ramakrishnan

GENERAL ARTICLE

- 15 Activating National System of Innovation: introducing the concept of innovation circle in the enterprise innovation system
Parveen Arora and Pradosh Nath

REVIEW ARTICLE

- 19 Artificial intelligence in the 21st century: the treasure hunt for systematic mining of natural products
Janani Manochkumar and Siva Ramamoorthy

RESEARCH ARTICLES

- 36 International research collaboration among the G-20 countries
Vivek Kumar Singh, Anurag Kanaujia, Prashasti Singh, Jyoti Dua and Hiran H. Lathabai
- 45 Tank performance and its impact on rural livelihoods of tank commands in Andhra Pradesh, India: a spatial analysis approach
K. R. Karunakaran and U. Madhurima
- 54 A two-step procedure for detecting change points in genomic sequences
Arfa Anjum, Seema Jaggi, Shwetank Lall, Eldho Varghese, Anil Rai, Arpan Bhowmik and Dwijesh Chandra Mishra
- 59 Detection of biogenic volatile organic compounds emitted from common tropical plant species in the Western Ghats region of India: chamber-based experiments
Tanzil Gaffar Malik, Mansi Gupta, Garima Shukla, Ashwini Kumar and Lokesh Kumar Sahu
- 67 Influence of antibiotics on the fitness parameters of rugose spiraling whitefly, *Aleurodicus rugioperculatus* Martin (Hemiptera: Aleyrodidae)
M. Saranya, J. S. Kennedy, S. Jeyarani, R. Anandham and N. Bharathi
- 77 Life table and demographic parameters of mustard aphid, *Lipaphis erysimi* (Kaltenbach) (Hemiptera: Aphididae) on five brassicaceous host crops
Keerthi Manikyanahalli Chandrashekhara, Sachin Suresh Suroshe, Praveen Kumar Singh, Subhash Chander and Padala Vinod Kumar

- 85 **Study of salt fog phenomenon on the surface of excavated pottery sherds**
Elshaimaa Abd Elrahim and Hamdy Mohamed Mohamed

RESEARCH COMMUNICATION

- 94 **Vegan areca palm leather – waste to wealth generation through agri-start-up**
Kiran Kumar R. Patil, K. C. Shashidara, H. S. Sowmya and S. R. Suresh

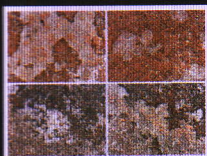

BOOK REVIEWS

- 99 **Empowering India: Ideas for Action by Scientists and Engineers.** Thalappil Pradeep and Krishnan Narayanan; *reviewed by* G. Parthasarathy
- 100 **Annual Review of Entomology, 2023.** Nicole M. Gerardo, Christina M. Grozinger and Myron P. Zalucki (eds); *reviewed by* S. Ignacimuthu

HISTORICAL NOTES

- 102 **Hundred years of the discovery of hafnium**
P. R. Vasudeva Rao

CURRENT SCIENCE

◀ COVER. Salt crystallization on the potsherds. See page 85.
