

International Journal of CIVIL ENGINEERING

Volume 16 • Number 1 • January-June 2024

Contents

- GCBS And Fly Ash Effects on Compressive Strength by Partial Replacement of Cement Concrete1-9
- *Azmat Ali Phul, Muhammad Jaffar Memon, Syed Naveed Raza Shah, Abdul Razzaque Sandhu*
- A Preliminary Study on the Long-Term Structural Stability of Ventilation Ducts in Cold Regions11-18
- *Xuejun Chen, Lei Wang, Zhikui Liu, Yinghong Qin*
- Behavioral Differences Towards Internal and External Factors in Making the Bid/No Bid Decision19-26
- *Abdulrahman Bageis, Ibrahim I. Falqi, Abdullah Alshehri, Saleh Alsulamy, Tariq A Alsahli*
- Integrated Project Delivery Implementation Challenges in the Construction Industry27-38
- *Zahra Kahvandi, Ehsan Saghatforoush, Ahad ZareRavasan, Christopher Preece*
- Experimental Investigation on Efficiency Factor of Pile Groups Regarding Distance of Piles39-46
- *Mojtaba Pashayan & Gholam Moradi*
- Comparison Mechanical Properties of Two Types of Light Weight Aggregate Concrete47-60
- *Hesham A. Numan, Mohammed Hazim Yaseen, Hussein A.M.S. Al-Juboori*
- Comparative Analysis of Settlement and Pore Water Pressure of Road Embankment on Yan soft soil Treated with PVDs61-70
- *Rufaizal Che Mamat, Anuar Kasa, Siti Fatin Mohd Razali*
